

# NITYA MAHESHWARI

## SUMMARY

To obtain a challenging position that fully utilizes my relevant skills and provides me with suitable opportunities to grow my technical and communication skills which would help me as a fresher to grow while working towards the organisational goals.

## PROJECTS

### Resume Generator

08/2023 - 09/2023

- It is an application created using HTML, CSS and Javascript that simplifies the task of creating a resume for individuals. The system is flexible to be used and reduces the need of thinking and designing an appropriate resume according to qualifications. The system is developed to provide an easy means for creating a professional looking resume.

### TO-DO App

10 /2023

- It is a user-friendly tool created with HTML, CSS, and JavaScript. It helps you manage tasks easily by organizing them, setting priorities, and tracking deadlines. No more fuss with planning - this app makes it all simple. With its easy-to-use design and options you can adjust, it's perfect for anyone who wants to get things done and stay organized.

### UniNote

Ongoing

- "UniNote" is a revolutionary platform designed for the university, unifying students, faculty, and alumni. This innovative space consolidates educational resources by offering course notes and video lectures in one centralized platform. Students benefit from easy access to comprehensive study materials, enhancing their learning journey.
